## PRODUCT SHEET

### POP UP TENT

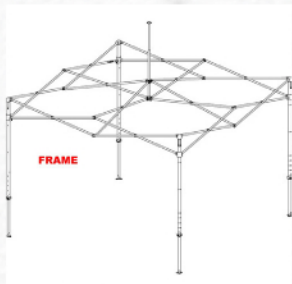

JVI's branded Tent's frame is made from high quality metal materials. It comes dye-sub printed with your custom graphic.

Not all ten foot by ten foot tents are equal. The cheaper versions will last for one or two displays and then have mechanical issues resulting in frustration, unlike The JVI Tent that is well made and durable.

The JVI Tent sets up in minutes, is light weight and a terrific value. It comes with a convenient carrying bag for ease of storage and portability.
